This guide does not purport to be a legal interpretation of the fees payable to An Coimisiún Pleanála. Please contact An Coimisiún Pleanála for further information.

**Planning Permission is sought for a dormer style house, effluent treatment plant, landscaping and all associated site development works at Killinagh Upper, Carbury, Naas, Co. Kildare.
- Laura Connolly – 26/60905**

Permission is REFUSED for the following reasons:

1. Policy HO P26 of the Kildare County Development Plan 2023-2029 (as varied) seeks to “Sensitively consider the capacity of the receiving environment to absorb further development of the nature proposed through the application of Kildare County Council’s ‘Single Rural Dwelling Density’ Toolkit (see Appendix 11)” and “examine and consider the extent and density of existing development in the area”. Having regard to the level of existing development in the wider area it is considered that the proposed development would result in the further suburbanisation of the receiving environment and would erode the rural character of the immediate area and therefore would be contrary to the provisions of HOP26 of the Kildare County Development Plan 2023-2029 (as varied) and to the proper planning and sustainable development of the area.
2. Objective HO O59 of the Kildare County Development Plan 2023-2029 (as varied) seeks to “Carefully manage Single Rural Dwelling Densities to ensure that the density of one-off housing does not exceed 30 units per square kilometre, unless the Applicant is actively engaged in agriculture, or an occupation that is heavily dependent on the land and building on their own landholding.” In conjunction with the level of existing development in the vicinity which is measured at over 30 units per square kilometre, it is considered that the proposed development would exacerbate an excessive density of development in this rural area and would contribute to the increasing suburbanisation of the area. The proposed development would materially contravene Objective HO O59 of the Kildare County Development Plan 2023-2029 and would therefore be contrary to the proper planning and sustainable development of the area.
